This includes all certifications relating to Civil Rights and related regulations. A PHA will be considered in compliance with the certification requirement to affirmatively further fair housing if the PHA fulfills the requirements of §§ 903.7(o)(1) and 903.15(d) and: (i) examines its programs or proposed programs; (ii) identifies any fair housing issues and contributing factors within those programs, in accordance with 24 CFR 5.154; or 24 CFR 5.160(a)(3) as applicable (iii) specifies actions and strategies designed to address contributing factors, related fair housing issues, and goals in the applicable Assessment of Fair Housing consistent with 24 CFR 5.154 in a reasonable manner in view of the resources available; (iv) works with jurisdictions to implement any of the jurisdiction’s initiatives to affirmatively further fair housing that require the PHA’s involvement; (v) operates programs in a manner consistent with any applicable consolidated plan under 24 CFR part 91, and with any order or agreement, to comply with the authorities specified in paragraph (o)(1) of this section; (vi) complies with any contribution or consultation requirement with respect to any applicable AFH, in accordance with 24 CFR 5.150 through 5.180; (vii) maintains records reflecting these analyses, actions, and the results of these actions; and (viii) takes steps acceptable to HUD to remedy known fair housing or civil rights violations, impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with the local jurisdiction to implement any of the jurisdiction’s initiatives to affirmatively further fair housing; and assures that the annual plan is consistent with any applicable Consolidated Plan for its jurisdiction. (24 CFR §903.7(o)).

C.4 Challenged Elements. If any element of the Annual PHA Plan or 5-Year PHA Plan is challenged, a PHA must include such information as an attachment to the Annual PHA Plan or 5-Year PHA Plan with a description of any challenges to Plan elements, the source of the challenge, and the PHA’s response to the public.

D. Affirmatively Furthering Fair Housing (AFFH).

D.1 Affirmatively Furthering Fair Housing. The PHA will use the answer blocks in item D.1 to provide a statement of its strategies and actions to implement each fair housing goal outlined in its accepted Assessment of Fair Housing (AFH) consistent with 24 CFR § 5.154(d)(5) that states, in relevant part: “To implement goals and priorities in an AFH, strategies and actions shall be included in program participants’ ... PHA Plans (including any plans incorporated therein) ... Strategies and actions must affirmatively further fair housing” Use the chart provided to specify each fair housing goal from the PHA’s AFH for which the PHA is the responsible program participant – whether the AFH was prepared solely by the PHA, jointly with one or more other PHAs, or in collaboration with a state or local jurisdiction – and specify the fair housing strategies and actions to be implemented by the PHA during the period covered by this PHA Plan. If there are more than three fair housing goals, add answer blocks as necessary.

Until such time as the PHA is required to submit an AFH, the PHA will not have to complete section D., nevertheless, the PHA will address its obligation to affirmatively further fair housing in part by fulfilling the requirements at 24 CFR 903.7(o)(3) enacted prior to August 17, 2015, which means that it examines its own programs or proposed programs; identifies any impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with local jurisdictions to implement any of the jurisdiction’s initiatives to affirmatively further fair housing that require the PHA’s involvement; and maintain records reflecting these analyses and actions. Furthermore, under Section 5A(d)(15) of the U.S. Housing Act of 1937, as amended, a PHA must submit a civil rights certification with its Annual PHA Plan, which is described at 24 CFR 903.7(o)(1) except for qualified PHAs who submit the Form HUD-50077-CR as a standalone document.

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937, as amended, which introduced the 5-Year and Annual PHA Plan. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA’s operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA’s mission, goals and objectives for serving the needs of low- income, very low- income, and extremely low- income families.

Public reporting burden for this information collection is estimated to average 7.02 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information, and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Admissions & Continued Occupancy Policy
Deconcentration Policy

Deconcentration of Poverty and Income-Mixing [24 CFR 903.1 and 903.2]

The PHA's admission policy must be designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. A statement of the PHA's deconcentration policies must be included in its annual plan [24 CFR 903.7(b)].

The PHA's deconcentration policy must comply with its obligation to meet the income targeting requirement [24 CFR 903.2(c)(5)].

Developments subject to the deconcentration requirement are referred to as 'covered developments' and include general occupancy (family) public housing developments. The following developments are not subject to deconcentration and income mixing requirements: developments operated by a PHA with fewer than 100 public housing units; mixed population or developments designated specifically for elderly or disabled families; developments operated by a PHA with only one general occupancy development; developments approved for demolition or for conversion to tenant-based public housing; and developments approved for a mixed-finance plan using HOPE VI or public housing funds [24 CFR 903.2(b)].

Steps for Implementation [24 CFR 903.2(c)(1)]

To implement the statutory requirement to deconcentrate poverty and provide for income mixing in covered developments, the PHA must comply with the following steps:

Step 1. The PHA must determine the average income of all families residing in all the PHA's covered developments. The PHA may use the median income, instead of average income, provided that the PHA includes a written explanation in its annual plan justifying the use of median income.

BCACHA Policy

The BCACHA will determine the average income of all families in all covered developments on an annual basis.

Step 2. The PHA must determine the average income (or median income, if median income was used in Step 1) of all families residing in each covered development. In determining average income for each development, the PHA has the option of adjusting its income analysis for unit size in accordance with procedures prescribed by HUD.

BCACHA Policy

The BCACHA will determine the average income of all families residing in each covered development (not adjusting for unit size) on an annual basis.

Step 3. The PHA must then determine whether each of its covered developments falls above, within, or below the established income range (EIR), which is from 85% to 115% of the average family income determined in Step 1. However, the upper limit must never be less than the income at which a family would be defined as an extremely low-income family (federal poverty level or 30 percent of median income, whichever number is higher).

Step 4. The PHA with covered developments having average incomes outside the EIR must then determine whether or not these developments are consistent with its local goals and annual plan.

Step 5. Where the income profile for a covered development is not explained or justified in the annual plan submission, the PHA must include in its admission policy its specific policy to provide for deconcentration of poverty and income mixing.

- Depending on local circumstances the PHA's deconcentration policy may include, but is not limited to the following:
- Providing incentives to encourage families to accept units in developments where their income level is needed, including rent incentives, affirmative marketing plans, or added amenities
- Targeting investment and capital improvements toward developments with an average income below the EIR to encourage families with incomes above the EIR to accept units in those developments
- Establishing a preference for admission of working families in developments below the EIR
- Skipping a family on the waiting list to reach another family in an effort to further the goals of deconcentration
- Providing other strategies permitted by statute and determined by the PHA in consultation with the residents and the community through the annual plan process to be responsive to local needs and PHA strategic objectives

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA must not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy [24 CFR 903.2(c)(4)].

If, at annual review, the average incomes at all general occupancy developments are within the EIR, the PHA will be considered to be in compliance with the deconcentration requirement and no further action is required.

BCACHA Policy

For developments outside the EIR the BCACHA will take the following actions to provide for deconcentration of poverty and income mixing:

The BCACHA has no developments outside the EIR.

Order of Selection [24 CFR 960.206(e)]

The PHA system of preferences may select families either according to the date and time of application or by a random selection process.

BCACHA Policy

Families will be selected from the waiting list based on preference. Among applicants with the same preference, families will be selected on a first-come, first-served basis according to the date and time their complete application is received by the BCACHA. When selecting applicants from the waiting list, the BCACHA will match the characteristics of the available unit (unit size, accessibility features, unit type) to the applicants on the waiting lists. The BCACHA will offer the unit to the highest ranking applicant who qualifies for that unit size or type, or that requires the accessibility features. By matching unit and family characteristics, it is possible that families who are lower on the waiting list may receive an

offer of housing ahead of families with an earlier date and time of application or higher preference status. Factors such as deconcentration or income mixing and income targeting will also be considered in accordance with HUD requirements and BCACHA policy.

12-IV.E. DECONCENTRATION

BCACHA Policy

If subject to deconcentration requirements, the BCACHA will consider its deconcentration goals when transfer units are offered. When feasible, families above the Established Income Range will be offered a unit in a development that is below the Established Income Range, and vice versa, to achieve the BCACHA's deconcentration goals. A deconcentration offer will be considered a "bonus" offer; that is, if a resident refuses a deconcentration offer, the resident will receive one additional transfer offer.

Boise City Housing Authority

Progress Report

The PHA continues to provide quality housing that is affordable to the low, very low, and extremely low-income households. Strategies pursued by the PHA as outlined in the 5 year PHA plan continue to be successful and allows the authority to meet our Mission to promote adequate and affordable housing, economic opportunities, and a suitable living environment free from discrimination.

Goal #1: Expand the Supply of Assisted Housing

- HUD awarded BCHA 41 Emergency Housing Vouchers in July 2021. These vouchers will be used to provide housing and supportive services for an individual or family who are homeless, at risk of homelessness; fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking or human trafficking, and recently homeless and for whom providing rental assistance will prevent the family's homelessness or having high risk of housing instability (Households who are currently in a Transitional or Rapid Re-Housing Program who are in need of longer term assistance).
- The BCHA entered into a sub-recipient agreement with the City of Boise, to administer \$11.5 million of the Emergency Rental Assistance Program (ERAP) to help Boise residents pay rent and utility costs in order to maintain housing stability. The initial round of funding was fully spent within 9 months. Due to a high spending rate and growing need in our community for rental assistance, the City of Boise was awarded more funding and added another \$21 million to BCHA's agreement. The funding is expected to be available through 12/31/22. As of 4/30/22, the BCHA has distributed \$15 million and assisted 3,250 households in Boise.

Goal #2: Improve the Quality of Assisted Housing

- BCHA Low Rent Public Housing program has maintained a HUD "High Performer" status under the Public Housing Management Assessment (PHAS) score;
- BCHA's non-HUD financed/supported housing have maintained affordable rents for both low income households that have rental assistance, and those without assistance.

Goal #3: Operate at a High Level of Efficiency

- In the past couple of years, and during COVID-19, BCHA has developed effective ways to communicate and provide customer service. These systems and technologies include laptops and phone systems to allow staff to safely work with clients during the pandemic. Video and audio systems have been installed to facilitate online meetings with residents, the public, and board members.
- BCHA continues to explore software systems and technologies that will better serve our needs and goals of providing better customer service and program functionality and performance. Over the last year, multiple software companies have conducted demos for BCHA, which has allowed staff to identify options and opportunities to improve workflow and customer service.

- BCHA has sustained staff performance and satisfaction by providing the following trainings: Fair Housing, HCV Rent Calculations, Motivational Interviewing, Service Coordinator Assessments, Fire Preparedness, Urban Land-Mixing Incomes, Front Desk Security, Operating Fund, RAD Toolkit, FMLA Compliance, Cultural Awareness, UPCS and CFP. BCHA has access to weekly Nelrod trainings. Staff are able to take advantage of any weekly course that applies to their work, or interests.

Goal #4: Promote Self-Sufficiency and Asset Development of Assisted Households

- BCHA actively marketed the Family Self-Sufficiency (FSS) program to existing voucher holders through quarterly newsletters, attending the annual recertification meetings for voucher holders to explain the programs, and regular outreach. BCHA served a total of 152 families over the last year, 20 of them being new enrollments.
- The FSS program provided quarterly workshops for all participants that included topics such as debt reduction, job search and training, budgeting, and homeownership;
- BCHA successfully graduated 13 families from the FSS program after working with them to increase their earned income. The average amount of escrow that was disbursed to graduates was \$6,500.
- Out of the 152 families that were served, 41% have escrow balances that were accrued by increasing their earned income.
- FSS Coordinators connected families to partnering agencies in order to improve families' employability. Partnering agencies include Dress for Success, Idaho Department of Labor, Small Business Administration, Deseret Industries, Disability Rights of Idaho, and Create Common Good.

Goal #5: Promote Homeownership Opportunities

- BCHA referred 4 families who were interested in homeownership to first-time homebuyer workshops covering the following topics: benefits of and preparation for homeownership, credit analysis, FICO scoring methodology, mortgage types and requirements, private mortgage insurance, loan to value ratio, down payment assistance programs, escrow and title process, property taxes, home maintenance and homeowner responsibilities.

Goal #6: Ensure Equal Opportunity and Affirmatively Further Fair Housing

- BCHA was able to improve the availability of Limited English Proficiency (LEP) resources for applicants and participants, by expanding our comprehensive list of interpreters, translators, and Language Line capabilities. BCHA also utilized additional HUD pamphlets, flyers, and posters in varying languages.
- With the addition of the Emergency Rental Assistance Program, the BCHA translated application materials into six different languages including Spanish, Arabic, Farsi, Russian, Somali, and Swahili. BCHA worked closely with local agencies to create video messages in various languages and post on social media sites.

- Training of employees is an essential element to ensure compliance to regulations, consistency in the provision of services, and improvement in the quality of program management. All employees participated in webinars or in-person training including:
 - ✓ Fair Housing and Reasonable Accommodation
 - ✓ FMLA Compliance
 - ✓ LEP Plan Requirements and Processes
 - ✓ Preventing Fraud in Housing: Effective Interviewing for Program Integrity
 - ✓ Homeless Management and Information Services
