Statement of Housing Needs and Strategy for Addressing Housing Needs. Provide a statement addressing the housing needs of low-income, very low-income and extremely low-income families and a brief description of the PHA’s strategy for addressing the housing needs of families who reside in the jurisdiction served by the PHA. The statement must identify the housing needs of (i) families with incomes below 30 percent of area median income (extremely low-income), (ii) elderly families and families with disabilities, and (iii) households of various races and ethnic groups residing in the jurisdiction or on the waiting list based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. For years in which the PHA’s 5-Year PHA Plan is also due, this information must be included only to the extent it pertains to the housing needs of families that are on the PHA’s public housing and Section 8 tenant-based assistance waiting lists. ([24 CFR §903.7\(a\)\(1\)](#)) and 24 CFR §903.12(b). Provide a description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. For years in which the PHA’s 5-Year PHA Plan is also due, this information must be included only to the extent it pertains to the housing needs of families that are on the PHA’s public housing and Section 8 tenant-based assistance waiting lists. Deconcentration and Other Policies that Govern Eligibility, Selection and Admissions. Describe the PHA’s admissions policy for deconcentration of poverty and income mixing of lower-income families in public housing. The Deconcentration Policy must describe the PHA’s policy for bringing higher income tenants into lower income developments and lower income tenants into higher income developments. The deconcentration requirements apply to general occupancy and family public housing developments. Refer to 24 CFR §903.2(b)(2) for developments not subject to deconcentration of poverty and income mixing requirements. ([24 CFR §903.7\(b\)](#)) Describe the PHA’s procedures for maintaining waiting lists for admission to public housing and address any site-based waiting lists. ([24 CFR §903.7\(b\)](#)) A statement of the PHA’s policies that govern resident or tenant eligibility, selection and admission including admission preferences for both public housing and HCV. ([24 CFR §903.7\(b\)](#)) Describe the unit assignment policies for public housing. ([24 CFR §903.7\(b\)](#))

Revisions

Applying for Assistance

Any family that wishes to reside in public housing must apply for admission to the program [24 CFR 1.4(b)(2)(ii), 24 CFR 960.202(a)(2)(iv), and PH Occ GB, p. 68]. HUD permits the PHA to determine the format and content of its applications, as well how such applications will be made available to interested families and how applications will be accepted by the PHA. In order to provide more accessibility to applicants to the program, the BCHA made the following revision to the ACAP:

- Depending upon the length of time between the date of application and the availability of housing, the PHA may use a one- or two-step application process.
- A one-step process will be used when it is expected that a family will be selected from the waiting list within 60 days of the date of application. At application, the family must provide all of the information necessary to establish family eligibility and the amount of rent the family will pay.
- A two-step process will be used when it is expected that a family will not be selected from the waiting list for at least 60 days from the date of application. Under the two-step application process, the PHA initially will require families to provide only the information needed to make an initial assessment of the family's eligibility, and to determine the family's placement on the waiting list. The family will be required to provide all of the information necessary to establish family eligibility and the amount of rent the family will pay when selected from the waiting list.
- Families may obtain application forms from the PHA's office during normal business hours, request by telephone or email that an application be mailed via first class mail, or by visiting www.bcacha.org to download or complete the application
- Completed applications must be returned to the PHA by mail, electronically, by fax, or submitted in person during normal business hours. Applications filled out online at www.bcacha.org will be submitted automatically upon completion. Applications must be filled out completely in order to be accepted by the PHA for processing. If an application is incomplete, the PHA will notify the family of the additional information required.

Admissions & Continued Occupancy Policy

Deconcentration Policy

Deconcentration of Poverty and Income-Mixing [24 CFR 903.1 and 903.2]

The PHA's admission policy must be designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. A statement of the PHA's deconcentration policies must be included in its annual plan [24 CFR 903.7(b)].

The PHA's deconcentration policy must comply with its obligation to meet the income targeting requirement [24 CFR 903.2(c)(5)].

Developments subject to the deconcentration requirement are referred to as 'covered developments' and include general occupancy (family) public housing developments. The following developments are not subject to deconcentration and income mixing requirements: developments operated by a PHA with fewer than 100 public housing units; mixed population or developments designated specifically for elderly or disabled families; developments operated by a PHA with only one general occupancy development; developments approved for demolition or for conversion to tenant-based public housing; and developments approved for a mixed-finance plan using HOPE VI or public housing funds [24 CFR 903.2(b)].

Steps for Implementation [24 CFR 903.2(c)(1)]

To implement the statutory requirement to deconcentrate poverty and provide for income mixing in covered developments, the PHA must comply with the following steps:

Step 1. The PHA must determine the average income of all families residing in all the PHA's covered developments. The PHA may use the median income, instead of average income, provided that the PHA includes a written explanation in its annual plan justifying the use of median income.

BCACHA Policy

The BCACHA will determine the average income of all families in all covered developments on an annual basis.

Step 2. The PHA must determine the average income (or median income, if median income was used in Step 1) of all families residing in each covered development. In determining average income for each development, the PHA has the option of adjusting its income analysis for unit size in accordance with procedures prescribed by HUD.

BCACHA Policy

The BCACHA will determine the average income of all families residing in each covered development (not adjusting for unit size) on an annual basis.

Step 3. The PHA must then determine whether each of its covered developments falls above, within, or below the established income range (EIR), which is from 85% to 115% of the average family income determined in Step 1. However, the upper limit must never be less than the income at which a family would be defined as an extremely low-income family (federal poverty level or 30 percent of median income, whichever number is higher).

Step 4. The PHA with covered developments having average incomes outside the EIR must then determine whether or not these developments are consistent with its local goals and annual plan.

Step 5. Where the income profile for a covered development is not explained or justified in the annual plan submission, the PHA must include in its admission policy its specific policy to provide for deconcentration of poverty and income mixing.

- Depending on local circumstances the PHA's deconcentration policy may include, but is not limited to the following:
- Providing incentives to encourage families to accept units in developments where their income level is needed, including rent incentives, affirmative marketing plans, or added amenities
- Targeting investment and capital improvements toward developments with an average income below the EIR to encourage families with incomes above the EIR to accept units in those developments
- Establishing a preference for admission of working families in developments below the EIR
- Skipping a family on the waiting list to reach another family in an effort to further the goals of deconcentration

- Providing other strategies permitted by statute and determined by the PHA in consultation with the residents and the community through the annual plan process to be responsive to local needs and PHA strategic objectives

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA must not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy [24 CFR 903.2(c)(4)].

If, at annual review, the average incomes at all general occupancy developments are within the EIR, the PHA will be considered to be in compliance with the deconcentration requirement and no further action is required.

BCACHA Policy

For developments outside the EIR the BCACHA will take the following actions to provide for deconcentration of poverty and income mixing:

The BCACHA has no developments outside the EIR.

Order of Selection [24 CFR 960.206(e)]

The PHA system of preferences may select families either according to the date and time of application or by a random selection process.

BCACHA Policy

Families will be selected from the waiting list based on preference. Among applicants with the same preference, families will be selected on a first-come, first-served basis according to the date and time their complete application is received by the BCACHA. When selecting applicants from the waiting list, the BCACHA will match the characteristics of the available unit (unit size, accessibility features, unit type) to the applicants on the waiting lists. The BCACHA will offer the unit to the highest ranking applicant who qualifies for that unit size or type, or that requires the accessibility features. By matching unit and family characteristics, it is possible that families who are lower on the waiting list may receive an offer of housing ahead of families with an earlier date and time of application or higher preference status. Factors such as deconcentration or income mixing and income targeting will also be considered in accordance with HUD requirements and BCACHA policy.

12-IV.E. DECONCENTRATION

BCACHA Policy

If subject to deconcentration requirements, the BCACHA will consider its deconcentration goals when transfer units are offered. When feasible, families above the Established Income Range will be offered a unit in a development that is below the Established Income Range, and vice versa, to achieve the BCACHA's deconcentration goals. A deconcentration offer will be considered a "bonus" offer; that is, if a resident refuses a deconcentration offer, the resident will receive one additional transfer offer.

Ada County Housing Authority

Progress Report

The PHA continues to provide quality housing that is affordable to the low, very low, and extremely low-income households. Strategies pursued by the PHA as outlined in the 5 year PHA plan continue to be successful and allows the authority to meet our Mission to promote adequate and affordable housing, economic opportunities, and a suitable living environment free from discrimination.

Goal #1: Expand the Supply of Assisted Housing

- ACHA launched a Landlord Incentive Program aimed at increasing affordable housing options for voucher holders. The program resulted in housing an additional 89 households within 6 months. Staff also conducted outreach to local landlords to develop and enhance relationships in order to increase the number of participating landlords. BCHA attended local property management meetings to promote the program to existing property management companies and local owners. BCHA initiated a Landlord Advisory Council and hosted meetings with a group of participating landlords on various program topics related to landlord participation in rental assistance programs administered by BCHA.
- Emergency Rental Assistance Program

Goal #2: Improve the Quality of Assisted Housing

- ACHA Housing Choice Voucher program has exceeded high quality standards and maintained a HUD “High Performer” status under HUD’s Section 8 Management Assessment Program (SEMAP);
- ACHA’s non-HUD financed/supported housing have maintained affordable rents for both low income households that have rental assistance, and those without assistance.
- ACHA staff is in the process of meeting with HUD Technical Assistance providers to determine whether or not the Rental Assistance Demonstration (RAD) program would be beneficial to the agency and residents. Staff has attended multiple trainings and conferences over the last year that focus on RAD and the planning process. ACHA will continue to analyze the appropriateness of RAD.
- In the past year, ACHA remodeled a bathroom in one of the 10 public housing duplex units with CFP funds, as well as replacing the fence at another of the 10 public housing duplex units.

Goal #3: Operate at a High Level of Efficiency

- ACHA continues to explore software systems and technologies that will better serve our needs and goals of providing better customer service and program functionality and performance. Over the last year, multiple software companies have conducted demos for ACHA, which has allowed staff to identify options and opportunities to improve workflow and customer service.

Goal #4: Promote Self-Sufficiency and Asset Development of Assisted Households

- ♦ ACHA actively marketed the Family Self-Sufficiency (FSS) program to existing voucher holders through quarterly newsletters, attending the annual recertification meetings for voucher holders to explain the programs, and regular outreach. HUD requires ACHA’s FSS program to serve a minimum of 42 families. ACHA served a total of 95 families over the last year, 23 of them being new enrollments.
- ♦ The FSS program provided quarterly workshops for all participants that included topics such as debt reduction, job search and training, budgeting, and homeownership;
- ♦ ACHA successfully graduated 2 families from the FSS program after working with them to increase their earned income. The average amount of escrow that was disbursed to graduates was \$5,932.
- ♦ Out of the 95 families that were served, 51% have escrow balances that were accrued by increasing their earned income.
- ♦ FSS Coordinators connected families to partnering agencies in order to improve families’ employability. Partnering agencies include Dress for Success, Idaho Department of Labor, Small Business Administration, Deseret Industries, Disability Rights of Idaho, and Create Common Good.

Goal #5: Promote Homeownership Opportunities

- ACHA referred 4 families who were interested in homeownership to first-time homebuyer workshops covering the following topics: benefits of and preparation for homeownership, credit analysis, FICO scoring methodology, mortgage types and requirements, private mortgage insurance, loan to value ratio, down payment assistance programs, escrow and title process, property taxes, home maintenance and homeowner responsibilities.
- ACHA actively promoted the Homeownership program to all existing voucher holders through quarterly newsletters and by attending weekly voucher briefings meetings for new households.

Goal #6: Ensure Equal Opportunity and Affirmatively Further Fair Housing

- ACHA was able to improve the availability of Limited English Proficiency (LEP) resources for applicants and participants, by expanding our comprehensive list of interpreters, translators, and Language Line capabilities. ACHA also utilized additional HUD pamphlets, flyers, and posters in varying languages.
- Training of employees is an essential element to ensure compliance to regulations, consistency in the provision of services, and improvement in the quality of program management. All employees participated in webinars or in-person training including:
 - ✓ Fair Housing and Reasonable Accommodation
 - ✓ FMLA Compliance
 - ✓ LEP Plan Requirements and Processes
 - ✓ Preventing Fraud in Housing: Effective Interviewing for Program Integrity
 - ✓ Homeless Management and Information Services
 - ✓ Voluntary Services for Victims of Domestic Violence, Sexual Assault, Stalking, and Dating Violence
